KANAGAWA

Tourist-land

Kanagawa Prefecture is a land of culture and history; it is blessed with an exceptionally mild climate and overlooks the quiet waters of Sagami Bay. Kanagawa is easily accessible from Tokyo, its next-door neighbor, and abounds in scenic beauties, historic ruins and cultural assets. Hakone and the Five Lakes of Fuji are known as the 'tourist-land' of Japan, both at home and abroad. Kanagawa offers many sights besides its beautiful mountains, the whole prefecture is filled with never-to-be-forgotten scenes.

**THE GREAT "DAIBUTSU" AT
KAMAKURA :**

A massive bronze statue of Buddha,
13.35 meters high—the width of the
head over 2.3 meters, built in 1252. It
rivals the great Buddha enshrined in
the Todaiji Temple, Nara. The weight
of Buddha here is 124 tons.

ENOSHIMA ISLAND

A beautiful small island with rich verdure and splendid cliffs, standing alone surrounded by the vast expanse of the Pacific's blue waters. This is the site for the 1964 Olympic yacht races. Just across from Enoshima is the famous Katase Beach known as the 'Miami Beach' of the Orient; one of the many bathing resorts in Kanagawa.
